

## Program 6: **Moore Marsden Interests: How to Stop Overthinking Them and Crush Trials Like a Pro**

Presented by: Family Law Section

**Alex Spaete, CPA, ABV CITP** is a partner with Bridge Forensic CPAs LLP. Alex has extensive experience in business valuation, family law forensics, and private industry experience in healthcare and physician compensation. He is a CPA, is Accredited in Business Valuation, and a Certified Information Technology Professional. Alex has qualified, testified and been appointed the court's expert in most of the San Francisco Bay Area and Sacramento area counties. He has worked on thousands of litigation matters primarily related to family law and business "divorces."

**Christie Saenz**, Law Offices of Joseph H. Wolch, has practiced family law exclusively since 2010. She is detail oriented and a skilled negotiator. Ms. Saenz focuses her practice on complex financial issues in family law matters and has taken hundreds of matters through contested hearings and trials.

Despite her significant trial experience, her practice philosophy is that divorce should be viewed as a problem to be solved rather than a battle to be fought whenever possible in order to allow parties to retain agency over decisions that influence what's most important their families.
